

Infinity stick perforates space in two coordinates.
Celestial holes rustle and occasionally cluck like a rooster.

*

Polyethylene parcel was flying by when it was captured
by the gaze of the *unknown*.

*

They don't say their names but they are called Tatiana, Drake,
Sledge and Ana. They all have adhesive tongues to pick locks.
One day the wind of changes brings changes. Ana's tongue gets
stuck in the hole and she breaks it. She doesn't earn momentum.
In panic she runs away and loses part of her hairdo.
A flapping wings angel shatters the fence.

*

Among the crawling stones and rocks of others he swallows the
drink. Unimaginable things happen to him.

Sound of a broken glass.

*

The INTRO candle can be lit at any point in the story.

*

Glitter Vibration fills the room. They slowly enter.
Moment of silence.
A gaze to make you sleep.
Key goes smoothly inside the monolith.

*

it's getting blurry. Serpent tongues of the deformed Accessoire
wake up and move a millimetre towards the exit.

*

Shadow of the Castle arrives covered by the invisible spider web.
In the year 2222, all is not as it seems.

*

Vlad is going through a never ending transformation.

*

Dark Oracle commits a fast sin and turns into an umbrella.

*

Time is relevant.
Time is physical.
Time is an illusion.

*

Human dove was accidentally generated by random mistakes.
He continues showing up in different places
aimlessly freezing in a smile.
